Win A Mercedes SLK!

Take a closer look at this beauty at: http://www1.rochesterdandc.com/div/drive/ddjh6309.html

Order Anything—Large or Small, Cheap or not so cheap—in this Catalog and You're Automatically Entered in Creative Computer's New Drawing!

FOUR WAYS TO ENTER: (1) You will be automatically entered each time you place an order by calling Creative Computers' 800 number. To be eligible for the sweepstakes, your order must be received by midnight 12/31/97. (2) Or place an order by mail or hand print your name, company name, and address (including Zip Code) on a 3" x 5" piece of paper and mailing in a hand addressed #10 envelope, with first class postage affixed, to: Creative Computers' Sweepstakes, 914 South Hoover Street, Los Angeles, CA 90006. Limit one entry per envelope. No mechanically reproduced entries permitted. Entries must be postmarked by 12/31/97 and received by 1/7/98. (3) You may enter by making a purchase at a participating Creative Computers retailer by close of business, 12/31/97 or by depositing your completed entry in the receptacle provided. (4) You may enter by following all the instructions provided on the Creative Computers Web Site. The Creative Computers Web Site can be reached via the following URLs: http://www.creative computers.com; http://www.macmall.com; http://www.pc-mall.com.

RANDOM DRAWING: Winner will be selected in a random drawing on or about 1/14/98 from among all eligible entries received by D. L. Blair, Inc., an independent judging organization whose decisions are final. Prize will be awarded and winner notified by mail. Odds of winning will depend upon the number of eligible entries received.

PRIZE & APPROXIMATE RETAIL VALUE: One Grand Prize of a Mercedes SLK ($50,000.00) will be awarded.

GENERAL RULES: Open only to residents of the U.S. who are 21 years or older at the time of entry. Employees of Creative Computers, Inc., their affiliates, subsidiaries, advertising and promotion agencies and the immediate family members and/or those living in the same household of each are not eligible. Void where prohibited by law. Not responsible for lost, late, misdirected, mutilated or illegible entries, entries not received in time for the random drawing, or mistranscribed entries or faulty telephone transmission. Winner may make no substitution or transfer of prize. All federal, state and local taxes, insurance, licensing, registration and title fees are the sole responsibility of winner. All federal, state and local laws and regulations apply. Potential winner must execute any required Affidavit of Eligibility/Release of Liability/Prize Acceptance form within 15 days of attempted notification. Noncompliance within this time period may result in disqualification and an alternate may be selected. Return on any prize notification as undeliverable will result in disqualification and an alternate will be selected. Sponsor reserves the right to substitute prize of equal or greater value. Acceptance of prize constitutes permission to the sponsor and its agencies to use winner's name and/or likeness for purposes of advertising and trade without further compensation, unless prohibited by law. By participation in this promotion, entrants agree to be bound by the Official Rules and the decision of the judges. For name of winner, available after 2/15/97, send a separate, stamped, self-addressed #10 envelope to: Creative Computers Winner, P.O. Box 4848, Blair, NE 68009.

We'll Beat ANY Price

We'll Beat ANY Advertised Price on ANY Apple® CPU (Sorry, Apple® PowerBook® 1400 and 3400 Series are not included) or Mac OS Compatible from ANY Authorized Apple or Mac OS Compatible Dealer.

This offer applies only to legitimate advertised prices offered by authorized Apple and/or Mac OS compatible dealers. This offer does not apply to Apple PowerBook 1400 Series computers. We may require proof of dealer's pricing. Advertised item must be identical to the one offered by MacMall and must be a new item in a factory-sealed box. We reserve the right to limit quantity ordered. This offer does not apply to special, bonus or free offers, grand openings, special purchases or special buys, manufacturer's rebates, close-outs, clearances, or to dealer's one-of-a-kind or other limited quantity offers. Nor does it apply to advertising errors made by any authorized dealer. We will beat the price by a buck! Not open to dealers. Void where prohibited.

Macintosh® Power 6X CD-ROM Drive and

Macintosh® PowerBook® 1400 series

Apple's Most Affordable PowerBook

They're new, they're stylish and yes, they're multimedia-ready! The Macintosh PowerBook 1400 includes everything you need for taking multimedia on the road.

Grab Apple's first CD equipped PowerBook!

It's a PowerBook first! The Macintosh PowerBook 1400 features a removable, modular 6X CD-ROM drive in most models. You can use it to access a wide range of popular multimedia applications and take them on the road.

Take a closer look at the Macintosh PowerBook 1400!

Its 117MHz PowerPC 603e processor can easily tackle any work you care to throw its way. Plus, it includes 12 or 16MB of RAM and a memory expansion slot so you can "piggyback" memory cards. This enables you to easily expand to 64MB without sacrificing your initial memory investment. And the 11.3" dual scan or active matrix color display supports thousands of colors at 800 x 600dpi resolution. (Note: this higher resolution makes viewing Web pages on your PowerBook easier than ever before).

MOTOROLA

The ONLY Mac OS Compatible with a 5 Year

New StarMax 3000 Series

MOTOROLA
StarMax
MOTOROLA
PowerPC

The StarMax 3000 gives you MORE expansion options, MORE speed and LOWER prices! That's because the 3000's motherboard has a new design that's capable of supporting both Mac and many industry-standard PC peripherals, so you have more quality and price choices. Plus, it's loaded with either a 180, 200 or 240MHz PowerPC 603e processor (it's so fast, it beat its competition by 14%). It includes an extra-long, 5-year warranty, so you can be assured of superior quality. And you even get FREE 90-day "up and running" phone support.

Order your StarMax 3000 today. It gives you power, speed and incredible flexibility.

The Motorola StarMax Motherboard Difference

The StarMax machines use a new motherboard design (called Tanzania) which was co-designed by Apple and Motorola. Tanzania deviates from the Mac design slightly, and supports several PC technologies (VGA, Enhanced IDE and PS/2 serial). The result? More speed and flexibility for you!

- ✓ 180, 200 or 240MHz PowerPC **603e** RISC Processor

Warranty!

Presenting the BEST Mac® OS Warranty Ever!

With a Motorola StarMax system, you know you're getting world-renowned Motorola quality! Case in point: Motorola gives you a five-year limited warranty (that's the BEST in the business) with one year of on-site service and 90-day "up and running" technical support.

StarMax 4000 Series

The high-end Motorola StarMax 4000 gives you a ton of computing clout! The number one difference between the 4000 and its sibling the 3000: the PowerPC 604e processor.

The PowerPC 604e processor is the newest and fastest chip to ever power a Mac OS compatible (it's roughly the same as a Pentium Pro chip running at the same speed).

MEMORY UPGRADE GUIDE

How to Order the RAM That's Exactly Right for Your Computer

If you use the handy charts below (and on the next two pages), choosing the right SIMMs and DIMMs for your machine is pretty easy.

Just follow these simple steps:

1. Locate your computer model in the first column of the chart. (The number in parentheses below your model name is the amount of RAM your computer originally came with.)
2. The second and third column gives the size and speed of the SIMMs or DIMMs you'll need.
3. The fourth and fifth columns give you the item number and price for the SIMMs and DIMMs you've chosen.
4. Call today to order the SIMMs and DIMMs you want and you could have more memory installed in your computer by tomorrow.

What Exactly is VRAM and Why Do I Need It?

VRAM is Video RAM. Install more VRAM in your Mac™, and you'll see more colors on your monitor. Your reds will be brighter, your blues will range from royal to robin's egg and every shade in between.

The Ultimate Upgrade!

PNY

"The Memory Leader…Worldwide."

How To Order the RAM That's Exactly Right for Your Computer

If you use the handy charts below choosing the right SIMMs and DIMMs for your machine is pretty easy.

When you order PNY memory, it means:

1. **Compatibility:** 100% guaranteed with expert technical support.
2. **Performance:** Increase system speed by reducing processing time.
3. **Productivity:** Run more applications, which allows you to do much more.
4. **Warranty:** Meets ISO 9001 standards and is backed by a full lifetime warranty.

Your new and existing applications will run smoother when you upgrade to PNY RAM. And you can avoid the expense of a whole new system by boosting your memory at a fraction of the cost.

Taxes & Manage Your Money!

New Quicken Deluxe 7.0 features powerful, comprehensive investment tracking

It's like having your very own financial advisor, right inside your Mac! Quicken Deluxe can help you keep your finances in tip-top shape (or even help you work your way out of a fiscal jam).
You can use it to balance your personal budget, using as much or as little detail as you desire.
You'll be able to use online banking, so you can find out your account information, transfer money and pay bills in a single call (all you need to pay all your bills is a checking account in the U.S.). It includes a step-by-step retirement planner, so you can start saving judiciously for your future. And it features powerful investment tracking (like free stock and mutual fund price quotes via the Internet for an entire year) that can help you make the most of your savings. It even gives you access to flash reports regarding stock price change highlights and performance at a glance.

Take a closer look at all the new features Quicken Deluxe has to offer:

- Free investment quotes for Internet users
- New asset allocation graph
- Faster investment calculations
- Tracks specific shares for tax purposes
- Enhanced Security Detail, all on one screen
- Alerts when prices exceed or fall below your targets

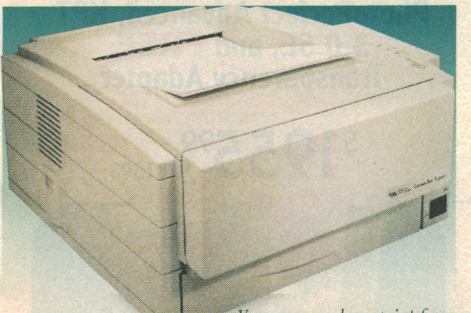
The HP LaserJet 6MP Printer is the Perfect Office Printer. It Boasts Crisp 600dpi, Instant Wireless Connectivity and Much More!

Welcome to high-quality laser printing for your office! The HP LaserJet 6MP gives you true 600 x 600dpi laser printing with Resolution Enhancement technology for crisp, clear print quality. You can use it to print out excellent grayscale graphics, with at least 128 levels of gray for smoother gray transitions and photorealistic images. And its two paper trays hold up to 350 pages for printing those big corporate jobs.

Plus, the 6MP's 8ppm print speed and 24MHz Intel RISC processor give you optimum performance for your workgroup with one LocalTalk and 2 parallel ports. And because it has a straight-through paper path, special papers like your labels, envelopes and cardstock print perfectly every time. Order your 6MP today. It's designed to grow with you (and your company's) printing needs.

- 8ppm engine and 24MHz Intel RISC processor for optimum performance
- True 600 x 600 dpi resolution for sharper lines, blacker blacks and smoother gray transitions
- Both 100 and 250-sheet paper trays are standard, so you can print from postcard to legal size without changing trays
- Standard Adobe PostScript™ Level-2 SIMM
- Compact design fits conveniently in your workspace
- Backed by HP's one-year warranty



You can even laser print from your laptop using its wireless printing (at speeds equivalent to traditional parallel ports)!

Vista S-12

WOW! This top-rated scanner is $499.99 after $50 manufacturer's mail-in rebate! But just how good is the Vista S-12? Very good. It received a 4-Mice award in MacUser for July 1996. Its 33-bit equivalent analog gamma correction gives you greater detail in both highlights & shadows. You get 600 x 1200dpi optical resolution, Cold Cathode technology for long-lasting scans and the Vistascan interface which allows you to do adjustments in the preview window! Its UltraView Technology gives you a maximum resolution of 9600dpi and its parallel circuit design simultaneously processes red, green, and blue channels for faster scanning speeds.

SONY Displays, Cameras & Color Printers!

The 200sx is Sony's Newest Quality 17" Trinitron Display!

The Multiscan 200sx utilizes Sony's Digitally-controlled Multiscan technology to support multiple Macintosh and PC resolutions up to a maximum of 1280 x 1024 at 65Hz. With a vertically flat Trinitron CRT and anti-reflective coating, this 17" Trinitron display (15.9" viewable image size respectively) improve viewability by minimizing glare. Digital controls allow for precise adjustment of image attributes. In addition, Sony offers color management profiles as an optional accessory with the Multiscan 200sx and 100sx. This software assists with accurate color matching of screen and output. And, the Multiscan 200sx display meets International Energy Star and VESA Display Power Management Signaling standards.

Its flat Trinitron CRT & anti-reflective coating improve viewability by minimizing glare.

True 128-Bit Performance for PCI Power Macintosh®

INTEGRATED MICRO SOLUTIONS

Turn Your System into a Graphics Powerhouse!

TwinTurbo 128 multimedia accelerators are state of the art 128-bit display accelerators for PCI compatible Power Macintosh computers. With the high performance 128-bit memory architecture, the TwinTurbo 128 series are the fastest Graphics Accelerators ever for the Power Macintosh. Unlike lesser 64 and 96-bit accelerators, the TwinTurbo 128 increases its speed proportionally as users operate in more demanding deep colors modes. Users of Photoshop, QuarkXPress, Word etc. will instantly see and feel the results of the extreme processing power of the TwinTurbo 128.

YoYo Telephone Manager for Mac® Cool Tricks for Your Phone!

Winner Macworld 1997 World Class Award

Caller ID

YoYo captures Caller ID* information from your phone line between the first and second ring and presents the information on your screen.

Blocking

Automatically block incoming phone calls! YoYo sends unwanted calls to your voice mail or answering machine without ringing your phone. It even works when your Mac is off. Plus, YoYo's Blocking feature rejects anonymous callers.

Dialing

YoYo's one-touch dialer calls numbers in your YoYo Phonebook quickly and effortlessly. Built-In speaker monitors the call's progress and when the party answers, you simply pick up the handset and begin talking.

Paging

YoYo notifies you of calls by sending you a page* with the caller's name, number, and time of call.

It's a better way to work! YoYo sits between your telephone and computer.

$139.99 #83296

Additional YoYo Features:

Phonebook: Stores up to 2,000 names, numbers, and sound effects.

Logbook: Keeps a list of your phone activity, including names, times, etc.

Message Waiting Light: Flashing light lets you know of messages waiting at your central office.

Sound/Icon Library: Includes a set of sounds and icons to assign to people.

Kai's Power GOO *is Real-Time Liquid Image Funware!*

Amazing Kai's Power GOO helps you to create "liquid images" & manipulate them in real time by smearing, stretching, shrinking and smudging photos. It includes 11 image libraries of men, women, children, animals, politicians and funny faces, but you may prefer to GOO your friends and enemies. Use your GOO'd images to quickly create Goovies or output AVI or QuickTime movies. But that's not all. Kai's Power GOO's Fusion Room allows you to seamlessly combine parts of one image and another with a new level of simplicity and sophistication.

- Smudge, smear, nudge, move, shrink, grow, "UnGOO" brushes
- You saw it on Good Morning America & NBC's Today Show

Wacom Graphic Tablets Close the Photoshop Gap!

Feel the power of Photoshop with the pressure-sensitive feel and performance of a quality Wacom Graphics tablet! Instantly enable Photoshop's 11 different pressure-sensitive tools when you install a Wacom. Unavailable with a mouse, the pressure-sensitivity of the sharpen, clone, paintbrush, pencil, airbrush, and other tools give you selective effect control by just how hard you press on the tip! And every Wacom includes the Erasing UltraPen® with DuoSwitch™, the only cordless, batteryless, pressure-sensitive pen available with a built-in eraser. Just a slight roll of the thumb or finger activates either button under the rocking DuoSwitch, preventing the bounce and jitter that comes from having to press two individual side buttons on other pens.

Wacom's years of customer tested, industry-proven tablet technology and ergonomic design results in smooth pressure response, superb feel, and precise, accurate performance. That's why over 500,000 Photoshop, Painter, FreeHand, and Corel users swear by their Wacom!

Finally!

Illuminaire Paint—THE Professional Broadcast-Quality Video Painter for Your Mac®!

Forget tedious, time-consuming "one-frame-at-a-time" hassles! Illuminaire Paint was designed as a video painting and image-processing tool with your ease of operation in mind. Because virtually every operation is key-frameable, you can easily carry out paint operations over a sequence of video frames. Just check out all its innovative features:

- Versatile, on-screen text editor includes support for Adobe Postscript™ and TrueType™ fonts that can be modified using their object control handles
- Object-based painting allows complete control and key-framing of all parameters and operations
- Over 30 draw modes including smooth, blur, emboss, dodges, burns, tints, posterize and more
- Unlimited resolutions and virtually infinite sub-pixel positioning for super-smooth motion results
- A wide array of cascadable filters for advanced special effects, color correction, and image and animation enhancement
- Configurable user interface for a customized look and feel
- Supports industry standard plug-in architecture for compatibility with products such as those from Adobe™ and MetaTools™
- Cloning and rub-through tools for interactive painting between video clips
- Display controls include onion skinning, multiple views per clip and safe zones for video and titling operations
- Brush controls include transparency profiles, air brushes and size and shape control
- Advanced, animated gradient control with precision user-defined parameters
- Graphic tablet support—Pen pressure modifies brush sizes, opacity and drawmode weights
- Auto-formatting for film, video, D1 and D2

Call and place your Illuminaire Paint order today. And make your next video project a breeze.

or Photoshop 4.0 from Us!

Order Your Adobe Photoshop 4.0 Upgrade from us and Get FREE Extensis Intellihance SE and PhotoTools SE with Your Order!

It's a no-brainer. After all, you have to order Adobe Photoshop 4.0 to take advantage of all its time-saving image-editing features. But whether you order the full version of Adobe Photoshop 4.0 or an upgrade, you'll get FREE software from us!
When you order the full version of Photoshop 4.0, you'll receive StuffIt Deluxe 4.0, for compressing and storing your image files. Or, upgrade to version 4.0 and get Extensis Intellihance SE (for optimizing your photo images in one step) and PhotoTools SE (for creating professional quality drop shadows, glows and strokes). Order today, and take advantage of these EXCLUSIVE MacMall® offers. Why would you upgrade from anyone else?

Photoshop 4.0's New Features:

- ➤ ***Actions*** help you to record a sequence of editing steps as an Action list that can then be applied to another selection in the same image, to another image file, or even to hundreds of files in a batch operation.
- ➤ ***The Navigator*** palette provides an easy way for you to move quickly to any location in a magnified image, by clicking the desired view area within a resizable thumbnail of the image.
- ➤ ***Adjustment Layers*** What image layers in Photoshop v3.0 did for compositing, Adjustment Layers in version 4.0 do for color correction.
- ➤ ***Portable Network Graphics (PNG)*** is a lossless, portable, well-compressed RGB file format that can include mask-channel information (it's ideal for your network).
- ➤ ***48 New Effects Filters*** Give your projects more impact! Photoshop 4.0 now includes more than 90 filters, including 48 new filters for creating dazzling special effects such as colored pencil, crosshatch, film grain, and much more.
- ➤ ***Multiprocessing*** on both Mac® and Windows NT platforms, Adobe Photoshop 4.0 supports symmetric multiprocessing on machines with multiple processors. It'll save you time!
